

2026 Investment Opportunities

Building Thriving Communities
Through Strategic Investment

From the Office of the President & CEO

A Shared Opportunity to Lead, Invest, and Transform

Letter from the President

At the T.D. Jakes Foundation, we believe that economic mobility is not achieved by chance—it is built through intentional investment, strategic partnerships, and bold vision. Each year, our work reaches communities across the country by advancing education, workforce readiness, financial inclusion, and community well-being. The demand for this work has never been greater.

In 2026, our goal is to raise \$5 million to accelerate programs and convenings that deliver measurable outcomes and scalable impact. Beyond this year, we are charting a bold path toward raising an additional \$100 million over the next six years to expand our national footprint, deepen community transformation, and invest in solutions that move individuals and families from stability to prosperity.

We invite you to join us at this pivotal moment. An investment in the T.D. Jakes Foundation is an investment in people, pathways, and systems that create lasting change—at scale.

Why Invest with the T.D. Jakes Foundation

- A proven national platform with trusted leadership and global reach
- Flagship convenings and programs that align capital with measurable outcomes
- Access to influential networks across business, philanthropy, policy, and culture
- A disciplined, strategic approach to scaling impact and driving economic mobility

What's Inside This Investment Overview

The T.D. Jakes Foundation delivers innovative programming at the intersection of financial literacy, workforce development, and economic empowerment, anchored by flagship platforms such as the Martha's Vineyard Experience and the Thriving 7 (T7) Summit. Through these convenings and a portfolio of scalable initiatives, the Foundation expands access, builds skills, and creates sustainable pathways to opportunity for individuals and families worldwide.

The Foundation offers multiple pathways for investment, allowing partners to align capital with impact through:

- Flexible investment opportunities allowing partners to support one or multiple programs and convenings across the Foundation's portfolio.
- Custom-tailored investment packages designed to align with corporate social responsibility goals, brand visibility, and marketing objectives.

Martha's Vineyard Global Exchange

A Destination Convening for Purpose-Driven Leaders

Building on the success of the 2025 Martha's Vineyard Global Exchange, which convened a select group of leaders for intimate dialogue and strategic connection, the T.D. Jakes Foundation will return to Martha's Vineyard in 2026 for another invitation-only convening designed to deepen relationships and advance economic mobility through leadership, and global-focused conversations.

- Multiple pathways for engagement based on partner goals

The President's Circle

Connecting Purpose-Driven Support to Meaningful Impact

The President's Circle is an annual giving circle designed for individuals and small businesses seeking meaningful engagement with the T.D. Jakes Foundation and its leadership. With investment levels ranging from \$1,000 to \$10,000, the President's Circle offers an accessible entry point into the Foundation's impact ecosystem while providing members with connection, insight, and purpose-driven community.

Members of the President's Circle are convened virtually twice per year by the President for curated conversations on impact, strategy, and emerging priorities, and receive dedicated access and recognition at select flagship events, including the Martha's Vineyard Experience and the T7 Summit (where applicable). The President's Circle creates a space where values-aligned supporters can deepen their relationship with the Foundation and participate in shaping its future.

Outline & Key Elements

- Annual giving circle for individuals and small businesses
- Investment levels from \$1,000-\$10,000
- Designed to foster connection, access, and shared impact

Member Experience

- Two virtual convenings per year hosted by the President
- Curated conversations on the Foundation's mission and strategic priorities
- Opportunities to engage alongside other values-driven supporters

Access & Recognition (Where Applicable)

- Dedicated presence at select flagship events, including:
 - Martha's Vineyard Experience
 - T7 Summit (Thriving Seven)
 - Recognition within Foundation communications and select materials

Why Join the President's Circle

- Engage directly with Foundation leadership
- Be part of a trusted community of changemakers
- Support scalable, mission-driven impact
- Enter the Foundation's ecosystem through a flexible, accessible investment pathway

Outlook for 2026

Driving Growth, Partnership and Measurable Outcomes

Reach

Scale philanthropic investment to expand the Foundation's national footprint by nearly 40% year over year, with a goal of serving more than 1,000,000 individuals in 2026. Strategic funding enables technology-driven, partnership-powered delivery models that extend reach efficiently while sustaining momentum built on last year's 40x growth in impact.

Partnerships

Leverage philanthropic capital to deepen strategic partnerships that expand national access points and delivery channels. Targeted grant-making and collaborative investments allow partners to co-create solutions, extend shared outcomes, and amplify impact beyond what any single organization could achieve alone.

Platforms

Invest in the transition from stand-alone programs to integrated, evergreen platforms that operate year-round at national scale. Funding supports infrastructure such as vFairs and digital engagement tools that enable continuous participation, broader access, and consistent impact well beyond individual events.

Community-Centered Design

Direct investment toward community-informed program design, ensuring solutions are culturally responsive, locally grounded, and more likely to succeed long term. Philanthropic support strengthens place-based partnerships, such as those in Augusta and with the Dallas Regional Chamber, where local insight drives more effective outcomes.

Outcomes

Prioritize investments that measure success by long-term economic mobility and quality-of-life outcomes, not participation alone. Funding advances data collection, evaluation tools, and longitudinal tracking systems that allow investors to see how impact unfolds over time.

Future Readiness

Channel capital into sustainable systems that prepare individuals and families for the future economy, equipping them with future-ready skills, financial stability, and clear pathways to opportunity. These investments ensure communities are positioned not just to recover, but to thrive in a rapidly changing economic landscape.

Powering Change. Transforming Communities.

We improve the lifelong outcomes for communities and individuals who have limited access to resources and opportunities.
